

The Coming of the Blessing® Photo Exhibit

NOW AVAILABLE!
You may arrange to borrow and request shipment of this exhibit (boards & easels) by contacting:

Lynne Alexander
(214) 414-3506
lalexander@marchofdimes.com
at the West Region office.

The exhibit is reserved on a first come, first served basis. Please plan ahead to ensure availability and adequate time for shipping. There is no charge for this service.

The exhibit was created by Victoria Leland, RN, a 20 year veteran NICU nurse, photographer and author.

Pictured above is a family whose story is told on one of the exhibit boards. Pictured on the right is the exhibit on display at Chickasaw Nation Health Center in Oklahoma.

We are pleased to announce that a photography exhibit is now available for loan through *The Coming of the Blessing* initiative and the March of Dimes West Region. The exhibit consists of 10 image boards and 2 text boards that depict the crisis of prematurity as experienced by American Indian/Alaska Native families.

The exhibit raises awareness about the unexpected blessings and adversity experienced by Native families after their baby's premature birth. It is ideal for display at events and locations reaching Native families, partners and tribal leaders.

Reserve it for an event in your community today!
